

Quick Base App-a-thon Guidelines & FAQs

Calling all Quick Base builders, the Quick Base App-a-thon is back!

Test your Quick Base skills, harness your creativity and compete against your peers. **You might even walk away with \$5,000!**

WHAT: Teams of 3 – 4 participants will compete to build the best app to solve the given challenge. The challenge will be revealed at 8:00 am and your team will have just over six hours to build a solution.

WHEN: Empower 2019 Pre-Conference
Monday June 10
8:00 am – 5:00 pm

WHERE: Fontainebleau Miami Beach
4441 Collins Avenue
Miami Beach, FL 33140

WHO: If you consider yourself a power user, a workflow definer, a coder or a programmer, and possess at least intermediate understanding of building apps in Quick Base, this contest is for you!

The App-a-thon is only open to Quick Base customers. In the spirit of fairness, we ask that professional Quick Base developers do not compete.

The App-a-thon is limited to 100 contestants. It fills up every year so make sure to register soon!

HOW: There is no fee to register for the App-a-thon, but you must be registered for Empower 2019 to participate. Select **Empower 2019 Conference Registration + App-a-thon** from the shopping cart on www.Empower2019.com.

How do I form a team?

All App-a-thon registrants will be invited into an app by May 15, 2019 and can form teams within the app. The app will contain all relevant information for the App-a-thon. It's your one-stop-shop!

Can I register as an individual?

Yes, individual contestants will be matched up to form a team. Quick Base will introduce you to your team members at least two weeks before Empower so you can get to know each other and make a game plan.

What challenge will teams be solving for?

Contestants will be given a hypothetical use case specifically created by Quick Base.

How are the apps judged?

The apps are judged on a scale of 1 – 7 in four categories:

- Polish & Appeal
- Originality & Innovation
- End User Optimization
- Solving the Use Case

The judges will consist of Quick Base staff with technical expertise.

Where will I build my app?

Contestants will be invited into the App-a-thon realm a few days before the contest. Contestants should create a log-in prior to the start of the contest, so that they can easily begin building their app when the challenge is revealed.

What happens if my teammates don't show up?

During the App-a-thon Kickoff, Quick Base staff will review the check-in list and revise teams if needed to ensure all contestants are part of a complete team.
