

Camp Quickbase — Course Descriptions

Powered by Quickbase University, Camp Quickbase is an immersive, hands-on learning experience created for builders and admins who are ready to level up—whether you're just getting started or looking to master advanced solutions.

BUILD • EARLY BUILDERS

App Building Essentials

3 Hours | Little to no experience

New to Quickbase? Start here. Build and share a working app that solves a real business problem.

YOU'LL LEARN TO:

- › Model data with tables & fields
- › Build an app from existing data
- › Connect tables with relationships
- › Create forms, reports & dashboards
- › Share the app with the right permissions

MANAGE • MID/ADVANCED

Quickbase Solutions

90 Minutes | Experienced builders

As your footprint grows, learn to organize apps into Solutions and safely deploy updates.

YOU'LL LEARN TO:

- › Create & configure a Solution
- › Add contributors and collaborate
- › Navigate multiple environments
- › Create and restore versions
- › Promote & validate deployments

AUTOMATE • MID/ADVANCED

Turn Data into Documents

90 Minutes | Experienced builders

Generate professional documents directly from Quickbase data, from template to output.

YOU'LL LEARN TO:

- › Create a document template
- › Insert Quickbase fields into it
- › Generate docs from existing QB data
- › Maintain & troubleshoot templates
- › Identify whether to use Document Templates vs QB Docs

EARLY BUILDERS = little to no app-building experience | MID/ADVANCED BUILDERS = experience with tables, relationships, formulas & dashboards
